Subject Swan Island Upland Facility Operable Unit 2 Riverbank Soil Sampling and Pipe Abandonment

Attached please find the Riverbank Soil Sampling and Pipe Abandonment report for Operable Unit 2 of the Swan Island Upland Facility and accompanying transmittal letter. Please note that due to file size constraints, the laboratory analytical reports in Attachment C are on a CD included with each hard copy. Hard copies to follow by mail to DEQ and EPA. If you have any questions, please contact Kelly Madalinski at (503) 944-7676. Thank you.
